SELECTMEN'S MESSAGE

We respectfully submit to the citizens and Tax-payers of Troy this annual report for the fiscal year just ended. We hope you will read it over carefully and if there is anything that is not understood, we will be happy to explain it further, to the best of our ability.

The Selectmen wish to convey their appreciation to all town officers and others who have extended their cooperation this past year.

In this report we have singled out three residents who, down thru the years, have shown great love and appreciation for our town.

They are:

BERNHARD B. COOK

Bernhard B. Cook, ninety three years young. "B. B." as we all affectionately call him has long been a leader in our community.

SEAVEY PIPER

Seavey Piper, still an active dairy farmer, well into his 80's, is now viewing the results of the many hours of hard work he put into starting and helping to nurture the Town Forest Lots.

BETH GRAY

Beth Gray — for almost twenty three years doing a marvelous job as Town Clerk.

ROADS — Always a problem, with which Troy is not alone. We have improved much on the ditching, much more on this needs to be done. On tarring we have found that $1\frac{1}{2}$ " mulching is far better and probably much more economical than 1" mulching of the past. The durability of last year's tarring lends weight to this.

WELFARE — The welfare account is very unpredictable. The Overseers have to take extreme precaution in handling it, with all the new laws and guidelines that must be followed. We have tried to fulfil the needs of those applying and stay as best we can within the law.

DUMP — We are gratified for the use of the Unity Dump. We hope an amicable dump situation will prevail.

The Selectmen, Fire Chief, Other Fire Department Members, the Treasurer, Tax Collector, Town Clerk, Planning Board Members, and other Town Officers, have, during the year, attended meetings held in various distant places such as Augusta, Belfast and other distant points in relation to their particular jobs. This should be encouraged and possibly enlarged on in the future. Much can be learned by observing and conversing with officials from other towns and departments.

SEWAGE — according to the present State Laws it is necessary to have the soil tested before installing a sewage system. We suggest anyone planning a new system contact the plumbing inspector first. The plumbing inspector, the planning board, and the board of selectmen have a list of soil testers for this area.

In view of the fact that considerable controversy has come about on equipment capacity it has been recommended that perhaps all trucks and equipment working on town operated projects this coming year be measured by the road commissioner along with at least one selectman and the owner of the equipment involved.

TAX MAPS — Not an absolute necessity now, tho the State of Maine Public Laws and Constitutional Resolutions Book is a bit hazy on this subject, as on page 5 of said book it states "Tax maps. Every primary assessing area and municipality in the State shall, prior to January

1, 1980, have a tax map meeting the minimum standards promulgated by the Bureau of Property Taxation". Then on Page 317 of same book it states "Tax Maps, municipal assessing units do not necessarily have to maintain tax maps". So a slight confusion; even our local representative to the legislature was of the opinion, until very recently, that the maps were required.

While it may not be necessary, now, to have the maps, it is felt by many to be the way to more equitably assess the land in Troy. We have discussed maps with assessors - selection of close to 20 towns and all have voiced, very strongly, in favor of their maps. They feel that the maps have greatly improved the quality of their assessing - in such areas as - almost always picking up extra acreage in their towns, all towns picking up land never before taxed, from a few hundred acres in some towns to several thousand acres in other towns. One neighboring town to Troy picked up approximately 1,500 acres never before taxed. Chances of picking up extra acreage is not the only advantage; other features are: getting all the plots before the assessors in their exact shape, the acreage broken down in tillage, timber land, "waste land": road frontage: also much help to the assessors to better catalog all properties in having map and plot numbers along with cards (we are now using cards to some degree), and, very important, maps will help greatly in any possible future court hearings that might be placed against the town on any type of "lien" situations. In this last thought maps may also help in the private sector, property owners sometimes finding out where their lines are for the first time.

Even tho some of the assessing laws have been relaxed (it is feared some will bounce back in future legislative sessions), there are still outstanding "new" laws, one of which is necessary sales ratio.

TOWN GOVERNMENT 1975—76

Selectmen, Assessors and Overseers of Poor

Philip H. Paton Stephen A. Fernald Erwin E. Piper

Moderators—Philip H. Paton, Bela Fowler

Town Clerk and Registrar—Beth Gray

A N N O U N C E M E N T S

Seven Star Grange will serve the usual fine dinner at noon Town Meeting Day. A nominal fee will be charged for the dinner by the Grange.

Again we request that everyone will refrain from smoking during the business meeting on Saturday.

During the business meeting:

1. When voting on written ballot - please make use of ballots provided.
2. Please do not fold ballots.
3. When desiring to address the moderator please stand and be recognized by the moderator.

The articles in this warrant do not necessarily reflect the opinions of any one particular board or persons, we have tried to honor the request of anyone who wished to have an article inserted.

TOWN WARRANT

State of Maine,

Waldo ss.

To Reginald Cunningham, a Constable in the Town
of Troy, in the County of Waldo, Greetings:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Troy, in said County, qualified to vote in Town affairs that: on Friday, the 26th, day of March, 1976 at one o'clock P. M., at the Troy Town Office, Polls will be opened for the purpose of voting for the following town officers:

Art. 1. To elect a Moderator from the floor.

Art. 2. To elect (by the Australian Ballot Method) the following Town Officers: Town Clerk, Selectmen, Assessors and Overseers of Poor; Treasurer; Tax Collector; Collector of Excise Tax; Road Commissioner; one Trustee of the Forest Area.

Polls will be opened at one P. M. o'clock and will close at 8 P. M. o'clock.

And that furthermore you are required to notify and warn the inhabitants of the Town of Troy, in said County, qualified to vote in town affairs to meet at the Troy Grange Hall the 27th day of March, 1976, at 10 A. M. o'clock in the forenoon, then and there to act on the following articles, to wit:

Art. 3. To see what compensation the Town will vote to pay the various Town Officers for the ensuing year.

Art. 4. To see what sum of money the Town will vote to raise and appropriate for the Town Officers' salaries for the ensuing year.

Recommended \$6,600.00

Art. 5. To see if the Town will vote to carry to 1977 a balance of \$1,832.77 in the Forest Area Account.

Art. 6. To see what sum of money the Town will vote to raise and appropriate for the Unity Ambulance Service for the ensuing year.

Recommended \$300.00

Art. 7. To see what sum of money the Town will vote to raise and appropriate for the Support of the Poor for the ensuing year.

Recommended \$1,500.00

Art. 8. To see what sum of money the Town will vote to raise and appropriate for 4-H Club Work for the ensuing year.

Recommended \$50.00

Art. 9. To see what sum of money the Town will vote to raise and appropriate for the support of the Troy Volunteer Fire Department for the ensuing year.

Recommended \$1,800.00

- Art. 10. To see what sum of money the Town will vote to raise and appropriate to pay the Town of Unity for Dump use for the ensuing year.
- Recommended \$500.00
- Art. 11. To see what sum of money the town will vote to raise and appropriate for Fire Control for the ensuing year.
- Recommended \$200.00
- Art. 12. To see what sum of money the Town will vote to raise and appropriate for Miscellaneous Expenses for the ensuing year.
- Recommended \$2,000.00
- Art. 13. To see what sum of money the Town will vote to raise and appropriate for Maine Municipal Association dues for the ensuing year.
- Recommended \$203.30
- Art. 14. To see what sum of money the Town will vote to raise and appropriate for Brush Cutting and Removal for the ensuing year.
- Recommended \$900.00
- Art. 15. To see whether or not the Town will vote to raise and appropriate the sum of \$35.00 to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine, in accordance with the provisions of the Chapter 91, Section 108 of the revised Statutes of 1954.

Art. 16. To see if the Town will vote to pay State Wages on Town Roads for the ensuing year. (For such as road work, brush removal etc.) Present state wages for labor is \$2.44 per hour and is subject to change.

Art. 17. To see what sum of money the Town will vote to raise and appropriate for Town Roads and Bridges, for Repair of Special Resolve Roads.

Recommended	\$8,000.00
-------------	------------

Art. 18. To see what sum of money the Town will vote to raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for Care of Ways, Highways and Bridges) under the Provisions of Title 23, MRSA, Sections 1101, 1103, 1104.

	2 Units	4 Units	6 Units
Total	4,477.20	8,954.40	13,431.60
Town Share	1,066.00	2,132.00	3,198.00
<hr/>			
State Share	3,411.20	6,822.40	10,233.60
Including 40 $\frac{1}{4}$ Bonus			
Recommended 6 Unit Figure for			\$3,600.00

Art. 19. To see what sum of money the Town will vote to raise and appropriate for Snow Removal and Sanding for the ensuing year.

Recommended	\$15,000.00
-------------	-------------

Art. 20. To see what sum of money the Town will vote to raise and appropriate for Tarring Town Roads for the ensuing year.

Recommended	\$6,000.00
-------------	------------

Art. 21. To see if the Town will vote to require the tax collector to collect all personal taxes as committed, on or before January 1, 1977, and for all delinquent amounts to become interest bearing at 12% as of January 2, 1977, and to collect all real estate taxes as directed by the Assessors, after eight months from date of commitment, all liens so taken to become interest bearing at 12% at date of filing, or act anything relating thereto.

Art. 22. To see if the Town will vote to authorize the Selectmen to sell any or all real estate which the town has acquired interest in by virtue of tax lien certificates or tax lien sale for such consideration as said Selectmen shall deem advisable. The Selectmen to execute to purchaser a deed for and in the name of the Town conveying all said Town's rights, titles, and interest therein. Said sales to be by sealed public bids.

Art. 23. To see if the Town will vote to raise and appropriate the sum of \$172.00 for membership dues in the North Kennebec Reg. Planning Commission.

Recommended

Yes

Art. 24. To see if the Town will vote to authorize the Selectmen to sell; thru public sealed bids, land of the Forest Area with the approval of Trustees of Forest Area and to execute deed for same. Said land sold will be marked and measured and corner posts set.

Art. 25. To see if the Town will vote to authorize the Selectmen to set the date of February 20,

1977 for closing the Town Books, or act anything relating thereto.

- Art. 26. To see if the Town will vote to authorize the Selectmen to give the Snowmobile Registration Refund for the ensuing year to the Park and Recreation Committee to help construct and repair snowmobile trails and bridges.

Recommended Yes

- Art. 27. To see if the Town will vote to authorize the Board of Selectmen to pay overdrafts from Surplus.

Recommended Yes

- Art. 28. To see what sum of money the Town will vote to raise and appropriate for Civil Preparedness for the ensuing year.

Recommended \$650.00

- Art. 29. To see what sum of money the Town will vote to raise and appropriate to establish a fund—such monies to be used to purchase equipment; if and whenever needed and available, which will qualify the Town for a Grade A Fire Rating.

Recommended \$2,500 each yr. for 4 yrs.

- Art. 30. To see what sum of money the Town will vote to raise and appropriate to make necessary body repairs for the Chevy Fire Truck.

Recommended \$300.00

- Art. 31. To see what sum of money the Town will vote

to raise and appropriate to repair the Fire Pond.

Recommended \$200.00

- Art. 32. To see what sum of money the Town will vote to raise and appropriate for its contribution towards the erection of an outdoor basketball court at Troy Central School.

Request \$400.00

- Art. 33. To see what sum of money the Town will vote to raise and appropriate for office supplies and postage and paper for Planning Board Board use for the ensuing year.

Recommended \$150.00

- Art. 34. To see whether the citizens will authorize the Selectmen to appoint, in consultation with the Park and Recreation Committee members, a three person field day committee, biannually, this committee to encourage, coordinate and organize the efforts of all community organizations and individuals interested in the Annual Field Day.

- Art. 35. To see if the Town will vote to pay dues of \$25.00 for membership to Maine Association of Conservation Commissions.

- Art. 36. To see if the Town will vote the sum of \$296.00 for the Central Senior Citizens Association.

- Art. 37. To see if the Town will vote to authorize the Trustees of the Forest Area to enter into contract for sale of stumpage from the Forest Area or act anything relating thereto.

- Art. 38. To see if the Town will vote to authorize the Selectmen to join the Twenty Five Mile Stream Project with the neighboring Towns of Unity and Burnham. It is to be understood **that this requires absolutely no outlay of money on the part of the Town of Troy, on construction, and on future maintenance and any future construction. Authorities involved shall be notified by certified mail of the vote outcome.**
- Art. 39. To see if the Town will vote to change, in 1977, the method of selecting the Town Road Commissioner, **from that of being elected at Town Meeting time to that of being appointed by the Board of Selectmen, and, from that point on, working under the supervision of the Board of Selectmen.**
- Art. 40. To see if the Town will vote to reestablish a portion of the Prentiss (sometimes known as Wingate) Road back to a year round maintained road from that of a closed road. More clearly identified as the road leading off Files Hill Road in Thorndike and crosses the Troy Town Line after the new bridge on said road, then leading to the home of Lloyd Carter; a distance of 600 feet from the Thorndike Line to the Carter driveway. A yes vote will mean a change to a year round road only if the Town of Thorndike votes favorably in re-opening their end of said road.
- Art. 41. To see what sum of money the Town will vote to raise and appropriate for the Mid-Coast Mental Health Center.

Requested

\$35.00

- Art. 42. To see if the Town will vote to appropriate the sum of \$600.00 to cooperate with the Maine Forestry Bureau and Federal Government in the control of white pine blister rust, in accordance with Title 12, M.R.S.A. Ch. 213, Sub-chapter IV.
- Art. 43. To see if the Town will vote to make the Civil Emergency Preparedness Director a 3 year term to enable continuity of the program.
- Art. 44. To see if the Town will vote to authorize the Selectmen to enter into agreement with Boards of any of the Neighboring Towns to perambulate and/or survey the common boundary lines of said Towns. Said cost to be financed by proceeds from sale of Town Forest stumpage during the ensuing year. It is the understanding the Selectmen abide by "no income, no pay, no perambulating".
- Art. 45. To see if the Town will vote their approval of the Assessors going to 100% valuation this coming year.
- Art. 46. To see if the Town will vote to allow the 4 year-round property owners on the Lakeshore to use sand from the Town Winter Sand Pile on their road leading from Rte. 9-202 to their homes, provided they haul and spread it themselves.
- Art. 47. To see what sum of money the Town will vote to raise and appropriate for the operation of the Street Light at the Sand Pile.

Recommended

\$80.00

Art. 48. To see if the Town will vote to set a standard figure of \$50.00 for a single Cemetery Lot and \$70.00 for a Double Lot with the money being divided as follows: \$20.00 going into the Cemeteries Genl. Operating Fund and the balance going into the Cemeteries' Perpetual Care Fund. 20% to be added all along the line to Non-Residents; except that members of resident families will pay same as their in town relatives.

Art. 49. To see if the Town will vote to pay a 2% discount on all real estate, personal property and inventory taxes, provided such taxes are paid in full within 30 days of billing. All taxes unpaid at the end of 30 days will be delinquent and will be subject to a penalty interest of 1% per month, or fraction of a month, up to six months. (Maximum penalty interest to be 6%). At the end of the six month period the 6% penalty interest will be added to the original tax bill, against which, tax liens will be placed.

Art. 50. To see what sum of money the Town will vote to raise and appropriate for Discounts on Taxes for the ensuing year.

Recommended \$1,000.00

Art. 51. To see what sum of money the Town will vote to raise and appropriate for interest for the ensuing year.

Recommended \$600.00

Art. 52. To see if the Town will vote to authorize the Assessors to have published, in the Town

Report, at regular intervals, all individual tax assessments, for both Resident and Non-Resident taxpayers, starting with the 1976 assessment.

- Art. 53. To see if the Town will vote to authorize the Selectmen to appoint a Budget Committee for the ensuing year. Such committee will have at least five members, and not more than ten and will be authorized to appoint their own chairman. Such appointments should be completed by July 1, 1976. The duty of the Budget Committee will be to make recommendations on expenditures for the ensuing year, such recommendations to be published in the 1976 Town Report.
- Art. 54. To see if the Town will vote to close all Town Roads, except those roads presently being maintained.
(A yes vote on this article would close the roads as to maintenance, but the Town would retain a right of way.)
- Art. 55. To see what sum of money the Town will vote to raise and appropriate to put into the tax map fund bank account.

This is a letter received by the selectmen, we feel it speaks for itself.

This letter is to thank you and the Town of Troy for the financial assistance which I received, not only for this year but the three preceeding years. Also a college education is a tremendous financial undertaking on the part of any student. The money I have received from the

TOWN OF TROY

33

Town of Troy has always been a valuable and important asset in meeting my financial obligations. I am indebted to you and the Town of Troy for the continued support I have received through the years. Thank you.

Sincerely,

Norman Heitmann III

REPORT OF THE FIRE DEPARTMENT

To the Citizens of the Town of Troy:

It's our pleasure to submit to you the following report on the activities of your fire department for the year 1975.

Officers:

Fire Chief & Forest Fire Warden	Sheldon Ballard
President	Reg. Cunningham
Vice President	Gary Glidden
Sec.-Treasurer	Harry Irving

Board of Directors:

Daryl Bell	Steve Fernald
Robert Gary	Peter Paton
Willis Howe	Colin Ross
Donald Mitchell	Sheldon Ballard

The year 1975 was a busy year for the fire company. We responded to twenty-three fires in the Town of Troy and one mutual aid call in Burnham. Four of these fires resulted in major property losses. The twenty-three fires we responded to were, four chimney fires, three vehicle, one barn, seven houses and seven grass. The equipment was also used several times during the year for precautionary measures in burning grass and rubbish.

The fire department has also been busy looking into what could be done to get a fire insurance rating. This fire rating would mean lower fire insurance premiums to the people who live within three miles of our fire house.

The fire department owes special thanks to the citizens of Troy for authorizing the purchase of the new furnace for the fire house. It has cut the heating cost in half. We also would like to thank the ladies auxiliary for the purchase of the new 350 GPM portable pump and for their participation in the chicken barbecue at the field day.

REG. CUNNINGHAM
President

Expenses of Troy Volunteer Fire Dept.

March 1, 1975 to March 1, 1976

Gas, Hayes & Danforth's	\$136.35
Oil, J & C Oil	517.84

Bank Charges, Federal Trust	8.91
Total	<hr/> \$1,873.92

The March to March expenses are listed in order to match the time of the town meeting.

HARRY IRVING

Sec.-Treas.

REPORT OF THE TROY PLANNING BOARD

The planning board has been very busy since the people of Troy gave us the green light to prepare a shoreland zoning ordinance last March. The town now has two ordinances governing development of land in "environmentally delicate" areas. They are the Shoreland Zoning Ordinance and a Building Ordinance for Flood Prone Areas. Both were passed at a special town meeting held July 21, 1975 and are in full effect.

The Shoreland Zoning Ordinance was written by the local planning board and governs the development of a 250 foot wide strip of land along the waterfront of Lake Winnecook, Carlton Pond and Carlton Stream. The ordinance is required by state law to protect the water quality of our lakes and Streams.

The second, a Building Ordinance for Flood Prone Areas, is a federal requirement. It requires that anyone who wishes to build in a flood prone area obtain a permit from the planning board and be able to show that he/she has designed the proposed structure in such a way as to prevent or minimize the chance of flood damage. No lending institution is allowed to finance any building unless a permit has been obtained and safeguards have been taken.

The existence of these ordinances has required the town to have a code enforcement officer to issue minor permits and see that building is being done according to codes set forth in the ordinances. The selectmen appointed Darryl Bell to the job in August.

Last fall the town also got a plumbing inspector. Cleola Winters was appointed temporary inspector by the selectmen after pressure from the state. The plumbing code is a state law and is enforced by the state by authorizing a locally appointed inspector to carry out

the laws. A plumbing inspector helps carry out local ordinances as well since a prime concern is to prevent water pollution by guarding against improperly installed septic systems.

After the ordinances were passed, the planning board began to consider their responsibilities to the townspeople. It was quickly realized that we had little knowledge about laws and regulations that effect us. We felt that we needed to know more and that we should become enough informed so we could be of help to people who may find themselves in a position of having to deal with state and federal regulations as well as local ordinances. We decided to share what we learned with the public, so we published two newsletters last year. We would like to continue sharing such information with everyone through a quarterly newsletter if enough people feel it is helpful. To continue the newsletter will require enough funds to cover postage and printing.

Other activities we must consider in the coming year are development of a comprehensive plan and a set of guidelines for acting on subdivision proposals. Passing the ordinances in 1975 has placed the town in an unusual situation. Before making ordinances a town is supposed to have a comprehensive plan. Then any ordinances as may be needed to carry out the plan should be drawn up and voted by the people. The comprehensive plan has many values. First it is a study of what the town is like today - topography, soil types, watershed and run-off, present land use, location of public facilities and road systems, etc. Second, it is a statement of how people feel about their community and what they would like to see (or not to see) happen to it. And last, it is a base of information upon which any ordinances are built. It can assure that we do not make ordinances or other regulations that are in conflict with each other or that do not serve to carry out the goals identified or protect the

quality of the environment described in the plan. Troy has no comprehensive plan, but we do have two ordinances as a result of deadlines imposed by state and federal law. Now we need to go back and re-examine our situation and assure that it all fits together.

The planning board has had a membership problem. At present we need two alternate members. We hope some citizens will take an interest in the board's activities and volunteer their time and services. In February the planning board adopted official by-laws. Our annual meeting is the Second Monday in April, at which time officers are chosen and new people appointed.

The planning board has met twice a month since last March. Meetings are on the second and fourth Mondays of each month at 8 p. m. at the Troy Central School. Meetings are public and all are welcome to attend any time.

AUDITOR'S REPORT**DEPARTMENT OF AUDIT****Augusta, Maine 04330**

March 18, 1975

Board of Selectmen
Troy,
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of Troy for the period February 17, 1974 to March 3, 1975.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at March 3, 1975, and the results of its operations for the period indicated.

Respectfully submitted,

R. M. RIDEOUT, JR.
State Auditor

SCOPE OF AUDIT

The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of bank statements and/or by direct confirmation.

An analysis was made of receipts and deposits as well as disbursements and bank charges. Vouchers, payrolls and canceled checks were examined on a selective basis. Letters of confirmation were used on a test basis to determine the correctness of recorded assets and liabilities.

Revenue accruing to the municipality from various sources was checked to pertinent records. Federal revenue sharing, trust and reserve fund transactions were checked. Town meeting records were checked for matters pertaining to financial activity. Surety bond and insurance coverages were determined.

ANNOUNCEMENTS

Seven Star Grange will serve their usual delicious dinner at noon Town Meeting Day. A nominal donation will be welcomed for this dinner.

Again we request our good citizens who will be attending the business meeting Saturday if they would **refrain from smoking** during the business meeting.

Also during our business meeting on Saturday may we suggest that for a quick and smooth business meeting:

1. When voting on written ballot - that we **make** use of the ballots provided - as they will all be of uniform size and color.
2. Please do not fold written ballots, it is illegal to do so.
3. When desiring to address the moderator we stand and be recognized by the moderator.

Troy population was 607 as of January 1, 1977.

TOWN GOVERNMENT 1976-1977**Selectmen, Assessors and Overseers of Poor**

HI

We wish to take this opportunity to thank everyone for their cooperation this past year. We feel everyone who participated in any way in operating the business of town government this past year did a good job.

Dump — always a “junky” problem. Our appreciation to the Town of Unity for a “fee paid use of its dump”. We have had meetings on this problem, including one with the Sawyer set up in Hampden. Any Troy citizen who needs a dump permit may obtain one from the Town Clerk or from the Selectmen.

Our adding machine “passed away” this year; we now have a brand new computer-adder.

We are very grateful to the George Dodge family for the gift of land to the Town where the winter sand pile is stored. The deed has already been recorded. It involves $\frac{3}{4}$ of an acre.

We are setting a little better this year financially; note the Financial Statement. It might be wise to go easy on the Surplus again.

During the winter we have rid ourselves of many unsightly and dangerous dead elms and in doing so created some work for some citizens, and also getting fuel for some of our citizens. Speaking of trees, it might be nice to obtain some money from sources to set some shade trees out along some of our roads.

Roads — The Selectmen hope, by town meeting time, to come in with some kind of a plan and suggestions on how to treat town tar roads. Probably some should be treated as such, while perhaps, some should go back to gravel. The board would appreciate comments. It is commonly felt that roads like Barker, Myrick, portions of Ward Hill Road should continue with tarring.

We are getting, now, tarring and mulching prices for the coming season.

Tax Maps — We now have \$5,000.00 set aside for the maps. We might do well this coming year to take \$5,000.00 or so of Revenue Sharing money and have the maps made. We have been approached by several companies and we have samples given to us by these firms which anyone may see by request.

Serious consideration should be given to the possibility of selling some of the Town Forest lots - especially selling those that lend themselves to attractive houselots, and those lots, perhaps, that have proven out to be poor wood producers. We might do well to retain the lots and/or portions of lots that are good wood producers and/or make excellent recreation areas for townspeople. This should be talked up with the townspeople, the Selectmen, the Forestry Committee, etc.

Assessing — This past year, we adopted a program of 100% valuation. We think it worked quite well, a couple adjustments were made and more will be made. This is a field that requires constant scrutiny. Assessors must be everlastingly up on building pricing, land pricing —these helped by figuring local sales ratios.

We have property record cards, they are incomplete at present, takes much time to complete them. We have many photos, but these too are incomplete. We would like to fully inspect and establish grade and condition of all buildings; this requires a lot of time.

We would like to have tax maps in order to determine land sizes, composition, this would help compute land values.

Town History — Edith and Leola Mitchell have put in hundreds of hours to compile a History of Troy. It is about ready to go to print. They are asking for financial help of \$1,000.00. This request seems very reasonable, especially where most or all of it will be repaid from sales of the book.

TOWN WARRANT

State of Maine

Waldo ss.

To Mervin Walker, a Constable in the Town of Troy, in the County of Waldo, Greetings:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Troy, in Said County, qualified to vote in Town Affairs that: on Friday, the 25th day of March, 1977 at one o'clock P. M., at the Troy Town Office, Polls will be opened for the purpose of voting for the following town officers:

Art. 1. To elect a Moderator from the floor.
(at Town Office Friday)

Art. 2. To elect (by the Australian Ballot Method) the following Town Officers: Town Clerk, Selectmen, Assessors and Overseers of the Poor; Treasurer; Tax Collector; Collector of Excise Tax; Road Commissioner; One Trustee of the Forest Area; a Director to M. S. A. D. No. 3 for a three year term.

Polls will be opened at one P.M. o'clock and will close at 8 P.M. o'clock.

And that furthermore you are required to notify and warn the inhabitants of the Town of Troy, in said County, qualified to vote in Town affairs to meet at the Troy Grange Hall the 26th day of March, 1977, at 10 A.M. o'clock in the forenoon, then and there to act on the following articles, to wit:

TOWN OF TROY

9

Art. 3 To see what compensation the Inhabitants of the Town will vote to pay the various Town Officers for the ensuing year.

Art. 4. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for the Town Officers' Salaries for the ensuing year.

Recommended \$6,000.00

Art. 5. To see if the Inhabitants of the Town will vote to carry to 1978 a balance of \$2,697.92 in the Forest Area Account.

- Art. 15. To see whether or not the Inhabitants of the Town will vote to raise and appropriate the sum of \$35.00 to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources,

advantages and attractions of the State of Maine, in accordance with the provisions of the Chapter 91, Section 108 of the Revised Statutes of 1954.

Art. 17. To see if the Inhabitants of the Town will vote to pay State Wages on Town Roads for the ensuing year. (For such as road work, brush removal etc.) Present State wages for labor is \$2.44 per hour and is subject to change.

Art. 18. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for Town Roads and Bridges, for Repair of Special Resolve Roads.

Recommended \$8,000.00

Art. 18. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for Snow Removal and Sanding for the ensuing year.

Recommended \$15,000.00

Art. 19. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for Tarring Town Roads for the ensuing year.

Recommended \$6,000.00

Art. 20. To see if the Inhabitants of the Town will vote to require the tax collector to collect all personal taxes as committed, on or before January 1, 1978, and for all delinquent amounts to become interest bearing at 12% as of January 2, 1978, and to collect all real

estate taxes as directed by the Assessors, after eight months from date of commitment, all liens so taken to become interest bearing at 12% at date of filing, or act anything relating thereto.

- Art. 21. To see if the Inhabitants of the Town will vote to authorize the Selectmen to sell any or all real estate which the town has acquired interest in by virtue of tax lien certificates or tax lien sale for such consideration as said Selectmen shall deem advisable. The Selectmen to execute to purchaser a deed for and in the name of the Town conveying all said Town's rights, titles, and interest there in. Said sales to be by sealed public bids.
- Art. 22. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate, matching with any possible Government money, to purchase and to set out shade trees in Town. Said project to be supervised by the Selectmen and the Park and Recreation Committee.
- Art. 23. To see if the Inhabitants of the Town will vote to authorize the Selectmen to sell; thru public sealed bids, land of the Forest Area with the approval of Trustees of Forest Area and to execute deed for same. Said land sold will be marked and measured and corner posts set.
- Art. 24. To see if the Inhabitants of the Town will vote to authorize the Selectmen to set the date of February 20, 1978 for closing the Town Books, or act anything relating thereto.

- Art. 25. To see if the Inhabitants of the Town will vote to authorize the Selectmen to give the Snowmobile Registration Refund for the ensuing year to the Park and Recreation Committee to help construct and repair snowmobile trails and bridges.

Recommended Yes

- Art. 26. To see if the Inhabitants of the Town will vote to authorize the Board of Selectmen to pay Overdrafts from Surplus.

Recommended Yes

- Art. 27. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for Civil Preparedness for the ensuing year.

Recommended \$650.00

- Art. 28. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for office supplies and postage and paper for Planning Board use for the ensuing year.

Recommended \$150.00

- Art. 29. To see if the Inhabitants of the Town will vote the sum of \$395.00 for the Central Senior Citizens Association.

- Art. 30. To see if the Inhabitants of the Town will vote to authorize the Trustees of the Forest Area to enter into contract for sale of stumpage from the Forest Area or act anything relating thereto.

- Art. 31. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for care of ways, highways and bridges) under the provisions of Title 23, M.R.S.A., Sections 1101, 1103, 1104.

	2 Units	4 Units	6 Units
Town	\$1,998.00	\$2,664.00	\$3,996.00
State	3,096.90	4,129.20	6,193.80
		Bonus	4,075.92
	\$5,094.90	\$6,793.20	\$14,265.72

Recommended 6 unit figure, getting the bonus

- Art. 32. To see if the voters of the Town will vote approval of changing the one-year term of the Town Clerk to a three year term. This to start with the 1978 annual Town election.

- Art. 33. To see if the voters of the Town will vote to approve the perambulating of the Town Line common with Dixmont and, if necessary, having a physical survey of said line, if, on approval, the Town of Dixmont shall be notified by certified mail of such pending action and that the Town of Troy is requesting that Town to pay half of the expenses.

- Art. 34. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for the operation of the Street Light at the Sand Pile.

Recommended \$80.00

- Art. 35. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for interest for the ensuing year.
- Recommended \$600.00
- Art. 36. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for Kno-Wal-Lin Community Health Services, Inc. for the ensuing year.
- 1976 visits for Troy 34. Requested \$135.00
- Art. 37. To see what sum of money the Inhabitants of the Town will vote to add to the Tax Map Savings Account, and to authorize the Selectmen to advertize for bids for Tax Map production this current year.
- Recommended by the Selectmen \$5,000.00
From Revenue Sharing Account.
- Art. 38. To see what sum of money the Inhabitants of the Town will vote to pay dues for the ensuing year for the North Kennebec Valley Reg. Planning Commission.
- Recommended \$240.00
- Art. 39. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for support of the Belfast Area Childrens Center in its program for children of working parents.
- Requested \$100.00

- Art. 40.** To see what sum of money the Inhabitants of the Town will vote and appropriate for assistance to Edith and Leola Mitchell in their preparation and publishing of a "History of Troy".

Recommended. \$1,000.00

- Art. 41.** To see if the Inhabitants of the Town will vote to approve the action of the Selectmen in accepting the gift of land to the Town by the family of George Dodge. Said land being identified as that where the winter stock pile of sand is stored. Said land to contain approximately $\frac{3}{4}$ of an acre. Via Quit Claim Deed already recorded at Waldo County Reg. of Deeds.

- Art. 42.** To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for the support of Youth Alternative Program for the ensuing year.

Requested \$81.45

- Art. 43.** To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for the support of Mid-Coast Mental Health Center for the ensuing year.

Requested \$135.75

- Art. 44.** To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for the support of the Maine Association of Conservation Commissions for the ensuing year.

Requested \$25.00

- Art. 45. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for support of the Community Alcohol Services for the ensuing year.

Requested \$81.45

- Art. 46. To see what sum of money the Inhabitants of the Town will vote to raise and appropriate for special cemetery use for the ensuing year. Said money to be matched by Federal Title money from the Government. Said funds to be used for such things as fence buildings, brush clearing, tree setting, road clearing and building within each cemetery and other pertinent doings the Cemetery Committee and Selectmen deem fit.

Recommended \$2,000.00

- Art. 47. To see if the voters of the Town will vote to rescind last years yes vote on publishing yearly, the valuations of each property owner, to a once in a 4 year period.

The Registrar of voters will be in session at the above named places and dates, from opening until closing of the polls, for the purpose of correcting the list of voters.

Signed,

PHILIP H. PATON

REPORT OF FIRE DEPARTMENT

To the Citizens of the Town of Troy:

It is with great pleasure with which I submit the following report:

Officers:

Fire Chief and Forest Fire Warden	Sheldon Ballard, Sr.
President	Gary Glidden
Vice President	Herbert Fletcher
Sec. & Treasurer	Harry Irving

Board of Directors:

Daryl Bell	Steve Fernald
Robert Gray	Peter Paton
Donald Mitchell	Colin Ross
Sheldon Ballard, Sr.	

The year 1976 was a reasonably calm one for the department with only seven (7) chimney fires, two (2) grass fires, one (1) false alarm and four (4) standby calls.

We had three (3) house fires with only one (1) resulting in major property loss.

The Fire Department held two (2) suppers to raise money for radios, with good response.

The department did good at the Field Day.

Some work was done on the Fire Pond, and body work and a new paint job on the old Chev.

I would like to thank everyone for their participation this last year. I would also like to especially thank the Ladies Auxiliary for their devotion and willingness to pitch in with a helping hand.

Respectfully,

SHELDON O. BALLARD, SR.
Fire Chief

S. P. E. D. Y. YOUTH PROGRAM

Several boys and girls were employed for the summer months and performed as follows:

Painting Town Office, interior and exterior,
Repairing many cemetery stones,
Filling in many cemetery "cave ins",
Painting cemetery fences,
Brush removal on roadsides,
Rock picking, town road,
Marking boundary lines.

Following is a list of cemetery perpetual care accounts. If anyone is interested in exact amounts of principal and interest please contact the treasurer, Norman Heitmann, Jr. at reasonable office hours.

REPORT OF THE TROY PLANNING BOARD

(Newsletter No. 6)

The Troy Planning Board has completed a busy second year of work. The Board has prepared a subdivision ordinance, has been working towards a comprehensive plan and development of a set of road standards, has printed two more newsletters and has issued ten pole permits and approved one subdivision.

The Planning Board added three alternate members this past year in addition to the five regular members. The Board has continued to meet twice a month on the second and fourth Mondays of each month at 8 p. m. at the Troy Central School. All meetings are public and anyone is welcome.

Most of 1976 was spent writing a Subdivision Ordinance for the Town of Troy. It was felt by many townspeople that a sizeable portion of town land was held by people who may be potential developers. It was also known that many developments in other communities have been poorly planned and had resulted in subdivisions that were costly to people who purchased land in them and subsequently to the town as a whole. Secondary to this issue was the dilemma of the Planning Board when faced with a subdivision application and having no set of criteria with which to act on the request. Based on these concerns the Board prepared an ordinance for Troy regulating subdivision activity.

The basic concept of a subdivision ordinance is to protect the buyer, the environment, and the community by making the developer or seller do certain things to ensure that the land in question is in fact suitable to the purpose he intends it for. The Board sought to make

the ordinance as simple and sensible as possible, trying to protect community interests while at the same time keeping requirements in line so that the developer or seller would not be overburdened with costly requirements that would push the cost of a home out of reach for most working families.

In October, 1976, a public hearing and special town meeting were held in which the ordinance was explained and subsequently voted into existence by the people. A copy of the ordinance has been recorded in the Waldo County Registry of Deeds and is in effect.

Two of the planned newsletters were published last year. None was printed in the winter because of the amount of time spent developing the subdivision ordinance. The Board further felt this report should be the fourth planned letter and since it is in the Annual Report the cost of mailing it separately is saved. The Board again plans to print three newsletters in 1977, with the fourth appearing in the 1977 Annual Report.

Permit activity in 1976 was similar to that in 1975. The total of 10 pole permits issued accounted for eight new homes in Troy, an increase in the housing stock of about 5%. The most significant change in permit activity was the issuance of the town's first subdivision permit. The Shoreland Zoning and Flood Insurance Ordinances have yet to be tested in Troy.

Type of Permit	Number of		
	Applications	Approved	Denied
Subdivisions	1	1	0
Pole Permits	10	10	0
Shoreland Zoning	0	0	0
Flood Insurance	0	0	0
	—	—	—
TOTAL	11	11	0

The topic of comprehensive planning has been an overriding concern during the past year. The statutes of the State of Maine say that all towns must have comprehensive plans so that ordinances and regulations made are not in conflict with each other or with the goals of the townspeople or the environment.

A comprehensive plan is not written over night. It may take years to complete. Individual portions of the plan should be completed as the information needed becomes available. The Planning Board expects to begin mapping topography (identifying slopes too steep for certain kinds of use, etc.) current land use patterns, roads public lands, vegetation, etc. and developing written portions of the plan such as growth and history, economy, housing, and public opinions and desires. The Planning Board hopes that anyone interested in any aspect of the plan will feel free to help.

The major piece of data needed by the Board is soils information. The SCS informs us that soil maps for Troy will not be completed until 1980. This presents a problem not only for comprehensive planning but also for nearly all other work of the board including issuing most permits.

Tax maps would also be a very useful tool to the Planning Board. They would be extremely useful in identifying land use, vegetation, quality of the land, etc. for planning purposes and for dealing with subdivisions. In addition to their value to the Board tax maps would assure a more equal taxation because they will assure that all land in town is on the tax books and that the true owner of the land is being taxed, and will provide an analysis of the value of the land in terms of its use

and condition (i.e., bogs, cut over, prime forest, pasture, house lot, etc.) so that a fair tax formula can be worked out.

An issue that has confronted the Board while preparing the subdivision ordinance and again while working toward the comprehensive plan is that of road standards. Frequently in the case of large subdivisions not all lots abut existing public ways. Thus it becomes necessary for roads to be built. Assuming that some day the people living there will request the Town to accept their road as a public way, it was necessary that a set of standards be imposed to protect the current taxpayers of the town from costly burdens of upgrading and maintaining poorly constructed roads. Also at issue is the question of health, safety and welfare of persons living in inaccessible places. (How would we get a fire truck or ambulance to someone in time if the roads were impassible?) Because of these concerns the subdivision ordinance set forth guidelines for building roads. A 4-rod right-of-way was required for all new roads so that they may qualify as state-aid roads in the future. But this did in no way mean one must build a super-highway, but merely requires a gravel based, drained road wide enough for two vehicles to pass.

The question has further been raised as to whether such a set of road standards should be extended to cover the whole town. In 1850 the population of Troy was nearly 1500. There were many more roads in Troy then than are in use today. Since then the population declined to a low of 487 in 1950. But today people are moving into Troy and many of the old roads that have fallen into disuse may soon be used once again, not to mention the prospects of developing new roads. To build

new roads or to repair abandoned roads may become a costly venture for a town like Troy where there are no major businesses or industry and the tax burden falls wholly upon the homeowner. Should the property owner bear totally the burden for construction and maintenance of additional roads, or should the people moving into remote areas of the town be required to share the cost, at least of constructing the road to a minimum set of standards? The laws of the State are such that towns may adopt road standards if they chose. The Planning Board concluded its year's work reviewing alternatives for roads and welcomes public opinions.

AUDITOR'S REPORT

**DEPARTMENT OF AUDIT
Augusta, Maine 04330**

May 14, 1976

Board of Selectmen
Troy,
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of Troy for the period March 4, 1975 to February 29, 1976.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at February 29, 1976, and the results of its operations for the period indicated.

Respectfully submitted,

R. M. RIDEOUT, JR.
State Auditor

A complete Audit report is on file at Town Office.

SCOPE OF AUDIT

The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of bank statements and/or by direct confirmation.

An analysis was made of receipts and deposits as well as disbursements and bank charges. Vouchers, payrolls and canceled checks were examined on a selective basis. Letters of confirmation were used on a test basis to determine the correctness of recorded assets and liabilities.

Revenue accruing to the municipality from various sources was checked to pertinent records. Federal revenue sharing, trust and reserve fund transactions were checked. Town meeting records were checked for matters pertaining to financial activity. Surety bond and insurance coverages were determined.
